

## HealthWatch Wisconsin's 5<sup>th</sup> Annual Conference February 27 & 28, 2012

**Thank you** for your interest in attending the statewide HealthWatch Wisconsin Conference. This year's conference will be held February 27 & 28 at Madison's Inn on the Park, across from the state capitol.

Madison will be the place to be as we head towards spring! As a Presidential primary approaches and "recall fever" is in the air, we'll gather elected officials, candidates, experts and more to discuss our featured topic, *"Waive Goodbye to Medicaid? Not if We Can Help It!"* and get perspectives on the future of health coverage in Wisconsin!

Join us and fellow advocates, public health workers, nurses, social workers and many more health professionals from across Wisconsin. After five years, HealthWatch has much to celebrate—

- Five years of providing members with a variety of comprehensive trainings and tools across various media.
- State of the art communication and training methods to help a range of health care service providers secure the knowledge and strategies required to increase access to health care and coverage.
- A group effort to help focus and amplify statewide efforts to connect more people to health care and coverage.

*And with Medicaid and BadgerCare under attack, there's never been a more important time to continue the momentum.*
