HWW Mini-Grant Proposals due Friday

HealthWatch Wisconsin has allocated a total of \$15,000 for grants to Wisconsin organizations to assist in the start-up or expansion of local HealthWatch coalitions or other local community collaboration efforts to improve access to Medicaid and/or BadgerCare for children and families. Up to four grants will be awarded in amounts of up to \$4,500 and administered through subcontracts with ABC for Health, Inc.

We will provide two documents, the HealthWatch Toolkit and the Asset Mapping Tool, to assist those who are awarded the grants in developing their local coalitions.

Proposals are due December 14, 2007. [Click here](#) to view the instructions for applying. The Request for Proposals is available as a [PDF file](#) or as a [Word document](#). For more information, contact Brynne McBride at bmcbride@safetyweb.org.
