Wisconsin Coverage Connections™

In Our Backyard Series: Parent to Parent of Wisconsin

The "In Our Backyard" Series highlights resources, services, and programs for children across Wisconsin. Consider these contacts as possible referrals or outreach sites for your Wisconsin Coverage Connections™ Project work!

What is Parent to Parent of Wisconsin?

Parent to Parent of Wisconsin is a non-profit organization that provides a supportive network for parents and family members raising children with special health care needs to connect with other parents who have "been there."

Parents and family members can learn from the experiences of others—or get the support they need from piers with similar life circumstances.

What are Parent to Parent of Wisconsin's Services?

- Connecting parents and family members together
- Information on local, state and national resources
- Trainings for parents to become Support Parents themselves

Referrals to Parent to Parent of Wisconsin Are Appropriate:

- For family support and Parent-to-Parent support
- For information on special health care need, condition, or diagnosis
- For emotional support
- To provide families problem solving strategies
- To learn about services in the community
- · To learn tips for communicating with schools and education-related concerns
- To learn tips for care coordination
- To help with transition planning or transition to adulthood
-and more!
