HealthWatch Membership: Join or Renew Today!

A new membership year is fast approaching!

The staff of HealthWatch Wisconsin have officially kicked off the new membership drive.

Take 5 minutes to complete this **MEMBERSHIP FORM** to make sure you are connected to great materials, information and events. Join as an individual member for \$30, or get together with co-workers and join as an organization or only \$120. Join on organization committed to unifying the public health workforce, with emphasis on teaching, training, and information sharing! The membership year runs July 1, 2010-June 30, 2011.

Think the new rules of national health reform will be confusing?

HealthWatch can help! Members will receive a new publication, "My Guide to National Health Reform" in the fall, free with membership. This is in addition to the multiple publications members receive, such as the "AdvoKit," "2010 Resources Guide," "My Guide To Medical Debt," "Non-qualified Immigrant Coverage Chart," BadgerCare Plus fact sheets and charts, and more. Membership materials total over \$200 in value.

Want to watch video trainings at your desk or in the comfort of your own home? HealthWatch Members throughout the 2010-2011 membership year will be eligible to login to the HealthWatch Training Portal accessible wherever there is an internet connection.

Did someone say GREEN BAY PACKERS? If you join HealthWatch Wisconsin BEFORE JULY 1, you are eligible for the very first Green Bay Packer Ticket Prize Drawing of the year! **The winner will receive two indoor deluxe club seat tickets** to the very first pre-season game being played at Lambeau Field:

Packers v. Cleveland Browns
Saturday, August 14, 2010, 7:00PM

I like the odds! HealthWatch Wisconsin does multiple prize drawings throughout the membership year. In 2009-2010, 1 of every 40 HealthWatch Members walked away with Packers tickets.

Questions? Call HealthWatch Wisconsin staff for more information: (608) 261-6939 ext. 210.

Polk: TBA, 10:45am-12:00pm. Polk County Health Department, Conference Room A & B, 100 Polk County Plaza, Balsam Lake. Contact [Mike Rust](#) or (715) 485-8525 with questions.

Coalitions Under Development

Family Health Benefits Bill KILLED by Procedural Move

In preparation for a changing health care landscape, ABC for Health partnered with the Department of Health Services and the Office of the Commissioner of Insurance as well as lead sponsors Senator Miller and Representative Donna Seidel to develop the "Family Health Benefits Bill" (AB 878) to lay the foundation to support a statewide network of Health Benefits Counselors in Wisconsin.

On April 22, AB 878, the Family Health Benefits Bill, was added to the Senate Calendar. On a routine, procedural motion, Sen. Fitzgerald (R-Juneau) objected to the Bill being read for a third time (all Bills are read three times before being voted on.) To overcome this objection, the Senate needed a supermajority vote--a 2/3 vote, to allow the Bill to be read. While we had the majority vote, we did not have a supermajority. Senator Fitzgerald killed the Family Health Benefits Bill with his objection.

Thank you for contacting your Senator to encourage a vote to promote health benefits advocacy in Wisconsin! Senators heard stories of the families we all work with every day--those who have lost jobs, lost insurance, have a sudden illness, or are otherwise in need of assistance navigating confusing health care coverage systems.

"This does not end here," said Bobby Peterson, public interest attorney and director of ABC for Health in a statement reacting to the close of the Wisconsin Legislative Session. "The bill, unfortunately, was politicized," continued Peterson, "connecting families to health coverage should not be a partisan issue -- it's about helping Wisconsin families get the health care coverage they need and deserve. Despite efforts to kill this bill, we're going to work even harder to educate folks, to work with HealthWatch Wisconsin, to make sure that people understand their coverage options and legal rights to challenge coverage denials."

Legislative History:

- Executive Session in the Senate Committee on Health, Health Insurance on March 30 for a vote: ended in a tie.
- Assembly Committee on Health and Healthcare Reform on March 31 for a vote and passed 8-4
- Passed the Joint Finance Committee with a vote of 12-4
- Moved to the Assembly Rules Committee April 9
- Passes Assembly on April 20 with a vote of 50-48
- Messaged to the Senate, read twice--objected to before a vote.

BadgerCare Plus Basic Plan: Heads to the Governor's Desk

The [BadgerCare Plus Basic Bill](#) was on the Wisconsin Senate Floor for exciting debate February 25. The Bill went to the Assembly Committee on Health and Healthcare Reform, followed by the Assembly Rules Committee in early April. The Bill passed the Assembly on April 20 and passed the Senate on April 22. The Bill was presented to the Governor on April 27, and was signed into law on April 29, 2010 at 12:30pm in a ceremony in Madison. Some interesting things to note:

- An amendment passed along with the bill puts an "end date" on the BadgerCare Plus Basic program, scheduled for December 31, 2013.

La Crosse: Contact [Lindsey Schwarz](#) or (608) 785-5841 with questions.

Tri-County Coalition: Winnebago, Calumet and Outagamie Counties. May 25, 9:00-10:00am, Goodwill Community Center, Menasha Room. Contact [Susan Garcia Franz](#) for more information.

Coming Soon: Immigrant Health Coverage Workshops

Stay tuned for an announcement about our **Immigrant Health Coverage Trainings** for 2010 that will include the latest information on expansions in health coverage under the new CHIPRA legislation. Weigh in on where you would like to see this spring training as we plan the details for this event. Call Brynne at (608)261-6939 ext 210 or email: bmcbride@safetyweb.org.

New in April:

Kaiser's Monthly Update on Health Disparities: This free, [monthly update](#) synthesizes news coverage from hundreds of print and broadcast news sources related to health and health care issues affecting underserved and racial and ethnic communities.

Kaiser's Public Opinion Poll: "Do you know how health reform will impact you?" More than half (56%) of Americans say they don't yet have

- Two enhancements to the BadgerCare Plus Benchmark Plan will go into effect as the Bill is signed into law, relating to transportation reimbursement and periodic screening, diagnosis and treatment.
- Eligible, childless adults on the BadgerCare Plus Core Plan waiting list (there are about 40,000 waiting) will be re-evaluated for eligibility as Basic enrollment begins.

Governor Jim Doyle issued the following statement regarding BadgerCare Basic after the Legislature passed the bill and sent it to the Governor's desk.

"BadgerCare Plus Basic is an important program that will provide access to basic, stripped down health care to nearly 40,000 people who really need it, at absolutely no cost to taxpayers...This is not a Cadillac plan, and the program will be entirely paid for by those who use it. Basic coverage can be the difference between having protection while you try and get your feet back on the ground and going bankrupt trying to pay for medical care."

Other Bills Signed into Law this Week:

Senate Bill 362, the Mental Health Parity Act, requires that group health insurance policies cover mental health, alcoholism and other drug abuse treatment services at the same level as other types of treatment. The bill also eliminates the minimum annual amounts of coverage that a group health insurance policy must provide for individuals with those conditions. Governor Doyle thanked Sen. Hansen, Sen. Wirch, Rep. Pasch, and Rep. Richards for their work on this legislation.

Assembly Bill 247 grants high school diplomas to certain veterans with service-connected disabilities. Governor Doyle thanked Representatives Milroy and Radcliffe and Senators Hansen and Lehman for their work on the bill.

Assembly Bill 659 makes a number of changes in the law related to the administration of HIV tests and the disclosure of HIV test results. Governor Doyle thanked Representatives Shilling and Richards and Senators Robson and Taylor for their work on the bill.

Assembly Bill 709 requires a retail establishment to allow those with certain medical conditions access to toilet facilities and provides immunity from civil liability related to use of the toilet facilities. Governor Doyle thanked Representatives Van Roy and Soletski and Senators Lehman and Hansen for their work on the bill.

Assembly Bill 770, the Critical Access Hospitals Bill. This bill ensures that the 59 communities that are served by Critical Access Hospitals can leverage additional resources and federal funding. Governor Doyle thanked Representatives Hraychuck and Ballweg and Senators Miller, Kreitlow and Olsen for their work on the bill. Governor Doyle also thanked Columbus Community Hospital CEO Ed Harding for chairing the Committee on Rural Health Care that brought together the Wisconsin Hospital Association and the Rural Wisconsin Health Cooperative to help develop the bill.

Legislative Action Alerts!

As Wisconsin's Governor prepares to sign the last of the legislation into law this spring, we will bring you updates on bills important to HealthWatch Wisconsin! Health Reform Side-by-Side and Calculator: The Kaiser Foundation has updated its [interactive side-by-side health reform comparison tool](#) to reflect provisions included in President Obama's health reform proposal, unveiled Monday morning in advance of Thursday's reform summit with congressional leaders. The new proposal is based on the bill passed by the Senate in December, but incorporates some elements from the House-passed bill and other changes outlined in the new White House summary.

In March 2010, the Robert Wood Johnson Foundation put out a new

Family Planning Waiver Enrollment for Men May 1st Start Date!

The Department of Health Services has received federal approval to extend the Family Planning Waiver to Men. **Starting May 1, 2010**, the Family Planning Waiver and Temporary Enrollment / Presumptive Eligibility for the Family Planning Waiver will extend eligibility to men, provided they meet the same financial and non-financial eligibility rules in place for females.

Family Planning Waiver program (FPW) provides limited benefits for family planning services for women with income at or below 200% of the Federal Poverty Level (FPL) and who are: between the ages of 15 years of age and 44, and not enrolled in BC+ without a premium or receiving other full benefit Medicaid. Information about FPW is found in the BadgerCare Plus Handbook, [Chapter 40](#). See the Department of Health Service's [Operations Memo](#) below for more detail.

FPW will provide **covered services** that are similar to the services covered for female enrollees:

- Contraception supplies
- Sterilization procedures for males 21 years of age and older
- Limited services related to the testing and treatment of sexually transmitted infections
- Office visits related to these services are also covered

Note: Individuals who have no need for family planning services (individuals who have already had a vasectomy, tubal ligation, or hysterectomy) are not eligible for coverage under FPW services.

Coalition Roundup!

Local HealthWatch Coalitions have been busy! Below is a brief look at some events, announcements, and news from around the State. Coalition contacts are listed if you have questions on a story or would like to follow up with the coalition directly.

Eau Claire County Coalition: As is the case in a few other counties, individuals in Eau Claire are receiving denial notices from the BadgerCare Plus Core plan. These notices indicate the loss of coverage is due to the enrollee's "Current Access to Insurance." In reality, these individuals have not had insurance in years. The computer system is pulling coverage information from the distant past. To fix the problem, advocates are calling the Advocate's help line (888) 415-2116 or (608) 261-9305 to request assistance in removing that information from the enrollee's file. The advocate should be sure to indicate the date the private insurance ended. Once the information is removed, be sure to help the enrollee check their benefits online to make sure their information and review dates are correct.

Chippewa County Coalition: Please join the coalition for an event!

report, [Implementing State Health Reform - Lessons for Policymakers](#), that contains a lot of useful information on the state changes that could come about as a result of health care reform.

Briefs Examine Health Insurance Exchanges and Subsidy Assistance In Health Reform Law:

The Patient Protection and Affordable Care Act (PPACA), signed into law in March 2010, made broad changes to the way health insurance will be provided and paid for, including the creation of health insurance exchanges starting in 2014. The law also includes provisions to lower premiums and cost-sharing requirements for Americans with low and modest incomes. The Kaiser Family Foundation has issued two new explaining health reform briefs that walk through the relevant provisions in the law.

- [Questions](#) About Health Insurance Exchanges
- [Questions](#) About Health Insurance Subsidies
- The Foundation also has an [interactive calculator](#) that helps to illustrate the premium subsidies that might be available.

Tools for Health Care Reform: IRS Provides Guidance on Tax Treatment of Employer-Provided Health Benefits for Dependents Under Age 27:

Recent health care reform legislation generally requires group health plans offering dependent coverage for children to continue providing that coverage for adult children until age 26. The legislation also extends the Code Section 105(b) income exclusion for medical care expense reimbursements under an employer-provided accident or health plan to employees' children who are under age 27 as of the end of the taxable year. The IRS has now issued guidance on the tax treatment of employer-provided health benefits for these children.

UPDATE: Federal Poverty Guidelines Stay at 2009 Levels

Congress has taken action to keep the [2009 poverty guidelines](#) in effect until at least May 31, 2010.

It took an act of Congress to keep the 2009 poverty guidelines in effect well into 2010. Why? The Consumer Price Index annual average for 2009 went down. Without action, Health and Human Services would have had to issue 2010 poverty guidelines that were **lower** than the 2009 poverty guidelines. The US [Department of Health and Human Services Web Site](#) provides the following detail on the actions Congress has taken on this matter:

1. On December 19, 2009, Congress enacted and the President signed the [Department of Defense Appropriations Act, 2010](#), which included a provision to **freeze** the Department of Health and Human Services poverty guidelines at 2009 levels in order to prevent a reduction in eligibility for programs including Medicaid, FoodShare, etc., through March 1, 2010.
2. On March 2, 2010, Congress enacted and the President signed the [Temporary Extension Act of 2010](#), which included a provision that replaced "March 1, 2010" with "March 31, 2010".
3. On April 15, 2010, the Congress enacted and the President signed the [Continuing Extension Act of 2010](#), which included a provision, Section 6, that replaces "March 31, 2010" with "May 31, 2010". The effect of this was to extend the 2009 poverty guidelines until at least May 31, 2010.

Updates from DHS

Operations Memos

Below, find Wisconsin's Department of Health Services (DHS) Operation Memos (Ops Memos) or information updates, with brief summaries and/or rationales drawn from the information provided by DHS. Any "Opinions" highlighted below are interpretations of HealthWatch Wisconsin staff and Update editors. Follow the links to view the actual memos:

Ops Memo 10-35: Family Planning Waiver Eligibility Expanded to Include Males (Released April 29)

New Policy: Starting May 1, 2010, the Family Planning Waiver (FPW) and Temporary Enrollment/Presumptive Eligibility for the Family Planning Waiver will extend eligibility to men, provided they meet the same financial and non-financial eligibility rules in place for females. The Family Planning Waiver test group is formed using the rules for regular BadgerCare Plus ([Chapter 2](#)). If a

husband and wife both apply for FPW, their eligibility will be determined on the same case, with CARES building two separate FPW sequences. The income of both spouses will be included in the FPW determination and tested against a group size of two. The husband will be a 'Counted Adult' in the wife's determination and the wife will be a 'Counted Adult' in the husband's determination. A child that the husband or wife is legally responsible for is also included as 'Counted Child' in the FPW test group.

System Issue: Currently, the system is not recognizing the non-marital co-parents as part of each other's test group. If two non-married adults, with a child in common, apply for FPW, only the primary person's FPW eligibility will be built on the case. The child in common will be a 'Counted Child' in the FPW determination and the non-marital co-parent will be an 'Excluded Adult'. In this situation, FPW will be tested against the income limits for a group size of two. The non-marital co-parent will fail for reason code '531: The person who requested the Family Planning Waiver is not this individual's spouse, parent or qualified relative'.

Until the system can be fixed, the non-marital co-parent who is not the primary person must be tested for FPW on his or her own case. In order to determine the non-marital co-parent's FPW, a separate application must be completed, and a companion case created, (including any children that the non-marital co-parent is responsible for).

Ops Memo 10-33: Implementing Policy and Automation for SSI Transition Plans and Updating Policy and Automation for W-2 Supportive Service Plans (Released April 12)

New Policy: This Memo provides W-2 agencies with new policy and automation instructions for developing SSI and SSDI Transition Plans for W-2 Participants, as well as updated policy and automation instructions for developing W-2 Supportive Service Plans for applicants that withdraw their W-2 applications prior to W-2 placement and participants who are placed in case management placement.

Provider Updates

[2010 Introduction to BadgerCare Plus and Medicaid Training Available](#)

The Department of Health Services (DHS) is conducting Introduction to BadgerCare Plus and Medicaid training sessions beginning in June and continuing through November 2010. These training sessions are for new providers or new staff at current providers who would like to increase their knowledge of BadgerCare Plus and Medicaid. Registration for these sessions is required; however, the DHS does not charge a fee for attending. Seating is limited, so providers should register early. Providers may register online by going to the Portal and accessing the [Providers Trainings page](#) or can register by calling Provider Services at (800) 947-9627.

[Specialty Pharmacy Drug Reimbursement Rate Changes](#)

Effective for dates of service on and after April 15, 2010, specialty pharmacy drugs will be reimbursed at different rates. Reimbursement will be based on the therapeutic class of the drug. The changes described in this ForwardHealth Update affect BadgerCare Plus, Medicaid, SeniorCare, and Wisconsin Chronic Disease Program. Specialty Pharmacy Drug Reimbursement Rate Changes Effective for dates of service (DOS) on and after April 15, 2010, reimbursement for certain specialty pharmacy drugs will be changing. An estimated acquisition cost (EAC) will be established for specialty pharmacy drugs by therapeutic class. The EAC will be based on the average wholesale price (AWP) minus a specified percent. Providers may

Wisconsin State Journal Focus on Rural Health Care

Wisconsin State Journal health and medicine reporter David Wahlberg is undertaking a special reporting project this year, examining the challenges of providing health care services to rural communities.

Pieces thus far have focused on: the loss of [pharmacies](#) in rural areas, [doctor shortages](#) in [rural areas](#), and special feature stories, such as "[Life and Death in Park Falls](#)."

Installments on a variety of related issues will follow in the year ahead.

Joining Wahlberg on the project is State Journal photographer Craig Schreiner. To contact them, e-mail dwahlberg@madison.com or cschreiner@madison.com or call Wahlberg at 608-252-6125.

The project is partly supported by the nonprofit, nonpartisan Kaiser Family Foundation, which awarded a fellowship to Wahlberg to pursue this health policy issue. To see previous chapters about the rural doctor shortage and challenges in the North Woods, [click here](#).

Previous Issues of the Update:

[View our Update Newsletter Library Online!](#)

refer to the Attachment of this ForwardHealth Update for a list of specialty pharmacy drugs, EAC, and effective dates. Drugs may be added and EACs changed frequently. Therefore, providers should refer frequently to the data tables found on the [ForwardHealth Portal](#).

Changes for Diabetic Supplies

Effective for dates of service on and after June 1, 2010, the following changes will occur for diabetic supplies: 1) Healthcare Common Procedural Coding System (HCPCS) procedure codes will no longer be accepted. To receive reimbursement, providers are required to indicate National Drug Codes on prior authorization requests and claims for all diabetic supplies. 2) ForwardHealth is establishing preferred and nonpreferred diabetic blood glucose meters and test strips.

CASE TIP: Medicaid Reimbursement for Birth and Delivery Costs

Medicaid will cover the birth and delivery costs for most low-income pregnant women. However, there is a catch: Wisconsin state law requires that unmarried fathers pay the "lying-in" or birth costs of newborns. Therefore if a father is not married to the baby's mother, the State will pursue legal action to require the father to pay for the birth costs. The legal process starts by Medicaid referring the father to the local child support agency (CSA).

If the father has not already acknowledged his paternity, the CSA will start a paternity case against him. If the father has acknowledged the paternity of the baby, the CSA will start a child support case against him, and may order him to pay some or all of the Medicaid-paid birth costs. In this situation, the State is partaking in "birth cost recovery" from the father.

Most single, divorced and separated parents enrolled in the BadgerCare Plus **Standard Plan** will be referred to Child Support. Most single, divorced and separated parents enrolled in the BadgerCare Plus **Benchmark Plan** will **not** be referred to Child Support.

The dollar amount that the father will be asked to pay is not the same dollar amount that appears on the hospital bill. There are several factors the CSA considers in setting the birth cost recovery amount:

- The county and region where the child is born,
- The number of children born,
- The type of delivery,
- If the provider is a health maintenance organization or a fee-for-service provider, and
- If any part of the birth cost is covered by a third party (private insurance, for example).
- NEW: The CSA must now consider the non-custodial father's income. This new change considers where the father falls on the Federal Poverty Level, and calculates a rate that does not exceed 5% of the father's current monthly income available for child support.

For more information on this change, please see the attachment.

Grapevine Issue: Core Plan Requires Physical!

In order to remain enrolled in the BadgerCare Plus Core Plan, members must have a comprehensive exam conducted by a medical provider within the first year of enrollment. The physical
