COVID Vaccine Information

We Can Help!

Have you gotten your shot? The COVID-19 vaccine is widely available across the United States. Some vaccines are available for kids as young as 5 years old.

Vaccines are just another way to protect yourself and loved ones. And remember, vaccines are entirely **free**.

Find a Vaccination Site Near You:

- Visit <https://www.vaccines.gov/>
- Text your zip code to 438829
- Call 1-800-232-0233
- Check with your doctor's office
- Visit a local pharmacy

Have Questions About the Vaccine:

Wisconsin's Vaccine Call Center: You can call for help or ask medical questions related to the vaccine: **1-844-684-1064**
